Cognizant Technology Solutions

01/2020 - 05/2020

Pune, Maharashtra

Achievements/Tasks

- **Assisted & trained with Java with selenium, testing concepts, Maven, POM, POI, TestNG.**
- **Created a project on a Health care website i.e., Practo.com and also an E-commerce website with selenium frame works included.**
- **Worked closely with the Management to identify and solve the Technical problems.**

EDUCATION

B.Tech Electronics and Communication Engineering

Lovely Professional University

07/2016 - 05/2020

8.56 CGPA

Relevant Courses completed:

- Computer Programming through C, C++.
- Data Structures, Database Management
- Java, Operating systems

Board Of Secondary Education

Narayana Junior College

06/2014 - 04/2016

93.3%

Board Of Secondary School Education

Narayana Concept School

06/2013 - 04/2014

10 CGPA

SKILLS

MySQL

SAS

Tableau

Ms.Excel

Python

Java

Data Science

ETL

Database Management

C

C++

HTML

PROJECTS

Automation HealthCare Web Based Application (02/2020 - 04/2020)

- Automated health care web based application i.e Practo.com using Selenium with Java. Selenium is a portable framework for testing web applications . Following are used:
- Selenium with java, Maven, Eclipse (IDE), TestNG, POI & POM concepts.

US based health care project (CVS Health - Aetna) (09/2020 - Present)

- Working in a project based on CMRA submissions as well as data validation for any additional scope or enhancements. CMS receives submissions for the purpose of calculating risk scores. A data submission error will put the organization's finances at risk.
- Project includes working with SQL, SAS, database testing and also the data analytics tool called TABLEAU for the large data visualization.

CERTIFICATIONS

Certification in Data Science from Board Infinity (08/2019 - 01/2020)

learned and examined in Python, Pandas, Numpy, SQL, MS Excel, Tableau and Machine Learning basics.

Certification in Selenium with Java from Udemy (04/2020)

learned Selenium, TestNG, Maven, POI, POM, XML basics.

Certification in Java Database Connection: JDBC and MySQL from Udemy (04/2020)

Certification in Python Masterclass from Udemy (07/2018)

Python concepts, Pandas, numpy, OOPS concepts in python.
